I

Letter—from H. E. CLERK, Esq., Superintending Engineer, VI Circle.
To—the Chief Engineer for Irrigation.
Dated—Trichinopoly, the 12th February 1910.
No.—167 C.E.

I have the honour to inform you that M.R.Ry. S. Natesa Aiyar, Supervisor, second grade, who is in charge of the Periyár head works and who will look after the work of widening and deepening the watershed cutting which is to be started about the end of March 1910, has no habitable quarters at Thekkadi for him to live in. The Executive Engineer, Madura Division, submits an estimate, amounting to Rs. 310, for constructing a temporary shed as per plan No. 461 of 1909 herein enclosed. The cost of the materials available at site being about Rs. 40, the total cost of the hut comes to Rs. 350. The rent calculated on this amount, viz., Rs. 350, in accordance with the rules laid down in Public Works Code, paragraph 919, Rule 1 (*a*) to (*i*) and 922, will be Rs. 21 per annum or Rs. 1-12-0 per mensem (allowing 3½ per cent. for interest on the capital cost, 1½ per cent. for ordinary repairs and 1 per cent. for special repairs) and the work being considered urgent, the Executive Engineer has put it in hand in anticipation of sanction to the estimate and I recommend its sanction as early as possible.

II

Note by the Chief Engineer for Irrigation, dated 26th February 1910.

The proposal to construct a temporary shed for the supervisor in charge of the Periyár head works at Thekkady at a cost of Rs. 350 may be approved. The estimate is classed under "Special Maintenance and Repairs" by the Superintending Engineer, but it is properly chargeable to the head "Extensions and Improvements." The classification has been accordingly altered.

2. The Superintending Engineer's action in having put the work in hand in anticipation of sanction to the estimate may be approved.

C. A. SMITH,
Chief Engineer for Irrigation.

Order—No. 69 I., dated 8th March 1910.

The proposal to construct at an estimated cost of Rs. 350, a temporary shed at Thekkady for the supervisor in charge of the Periyár head works is approved, the work being classed under "Extensions and Improvements". The estimate will be returned to the Superintending Engineer, VI Circle, for disposal accordingly.

2. The Superintending Engineer's action in having put the work in hand in anticipation of sanction to the estimate is approved.

NOTES CONNECTED WITH G.O., No. 69 I., DATED 8TH MARCH 1910.

[SUBJECT.—*Estimate amounting to Rs. 350 for constructing a temporary shed for the Supervisor in charge of the Periyár Head Works at Thekkady.*]

From the Superintending Engineer, VI Circle, dated 12th February 1910, No. 167 C.E.

Rules.

J. M. LACEY.
15-2-10.

Under Secretary—

Please see Code paragraphs 917 and 919.

2. According to paragraph 14 of the Chief Engineer, Public Works Department's Memo. No. 5810 C., dated 27th November 1907, 2 per cent. should be taken to cover Maintenance and Repairs, instead of $2\frac{1}{2}$ per cent. as calculated by the Superintending Engineer. The rent of the building will consequently be reduced to Rs. 19-4-0 * per annum.

This is a cutcha building, better leave percentage as it is.

C.A.S.
26-2-10.

$^{*}\frac{11}{2} \times \frac{350}{100} = \frac{77}{4}$ rupees.

3. Being an original work, the classification, "Special Maintenance and Repairs," proposed by the Superintending Engineer may be altered to "Extensions and Improvements."

4. The Superintending Engineer's action in having put the work in hand, in anticipation of sanction, may be approved. The estimate may be checked for early sanction.

READ the following

[C. No. 644 of 10]

From the Supg. Engineer, VI Circle, No.167 C.E. dated 12th February 1910.

Note by the Chief Engineer for Irrigation.

The proposal to construct a temporary shed for the supervisor in charge of the Periyar Head works at Thekkady at a cost of Rs.350 may be approved. The estimate is classed under "Special Maintenance and Repairs" by the Supg. Engineer, but it is properly chargeable to the head "Extensions and Improvements." The classification has been accordingly altered.

2. According to para 14 of the Chief Engineer's Memo No. 5810-C dated 27th November 1907, 2 per cent should be taken to cover the cost of maintenance and repairs instead of 2½ per cent, as calculated by the Supg. Engineer in order to determine the rent to be recovered from the Supervisor. The above alteration will reduce the rent of the building from Rs.21 to Rs. 19-4-0 per annum.

G.O., No. I., dated 190 .

Notes edited.

Initials of the Clerk.

Constructing a temporary shed at Thekkadi Periyar project. Amount of Estimate Rs 310.

The estimate has been checked. Some of the rates allowed in the estimate are not found in the schedule of the Division. A rate of Rs 1-0-0 has been provided per cft of jungle wood work while Rs 2-4-0 is given in the schedule; it is not clear if this junglewood work is old or new. No provision has been made in the estimate for posts all round the verandah and for 2 of the doors but a note has been added in the abstract estimate that all old materials costing Rs 40 will be used in the building and that this amount has not been included in the estimate. It is therefore presumed that the old wood available at site will be used for posts &c. In this case the total amount of the estimate should be Rs 310 + 40 = Rs 350. As it is only a temporary shed covered with thatched roof & the work is reported urgent the estimate may be accepted.
